### FROM THE DESK OF SUPERINTENDENT JOHN DENNEY...

2015 was a great year to be a Comet! Our students excelled in the classroom and in athletics, and they continue to be great assets to our community. Our staff has worked hard to provide the best atmosphere for learning and the best educational opportunities around. Our district has become one of the best all-around districts in the area. We look forward to another great year! Following are more details regarding our academics, facilities and calendar.

**ACADEMICS:** For the first time last March, many of our students took the M-STEP exams which replaced the long-time MEAP test in order to assess their progress. Our students scored higher than the state and county average on a majority of the assessments. The Michigan Department of Education recently released the final score reports. For the last time, our junior class took the ACT; MDE has changed to administering the SAT for 2016. Our district outscored the other districts throughout the county in both the composite scores and college readiness. The ACT has been used as a capstone assessment in order to determine how well our students have mastered academic skills throughout their schooling. Our results are a testament to the hard work of our students, faculty, staff and administration.

**FACILITIES:** With the elementary roofing and entryway project completed in the summer of 2015, our next big sinking-fund project will be to replace the elementary playground; the current structure is showing its age. We were able to secure a 100% matching grant in order to provide our students with an amazing playground consisting of two large play structures, a climbing structure and a new swing set. In an effort save money, we will utilize a program our vendor offers called "Community Build." The company will provide supervision, instruction and the necessary tools for the construction of the playground, and we will look for volunteers to help with the labor. As the summer approaches, we will pick a Saturday and spread the word so volunteers can plan accordingly. If you know that you are willing to help, please let me know, and I will be sure to

contact you with the exact details. The renderings of two of the new play structures are shown below.

**SCHOOL CALENDAR:** Last spring, school districts throughout the county investigated the balanced-calendar concept. Currently, public

schools are forbidden by law to begin school before the first Tuesday after Labor Day. While we discussed many options for spreading out our breaks throughout the year, it was apparent countywide that our communities were not supportive of a 6-8 week summer vacation. There were, however, several people who spoke about their desire to have the school year begin prior to Labor Day. Since the Michigan Department of Education does allow start-day waivers, under certain circumstances, the superintendents explored our options.

There were a few reasons for looking into changing our calendar, one of which was a state-mandated increase of five days for the 2016-2017 school year. While we looked at calendar options, we discovered that if we started before Labor Day, we could end our semester at the holiday break in December instead of late January. This is a huge advantage for our high school students who currently return from the vacation and have two weeks to prepare for their final exams. Another issue with the calendar is that if we simply added a full week of classes to the end of the year, we would be in session into mid-June.

(Continued on page 2)

# GO COMETS!

(Continued from Page 1)

In late December, we received word that Jackson County's three-year waiver request would most likely be approved by MDE. While we had hoped for more time before potentially making any changes to the calendar, the waiver process has taken us quite a while. Every public school board in the county will be discussing this waiver in the coming weeks and considering a resolution supporting the concept of a common county calendar with a pre-Labor Day start. While this topic has been discussed many times throughout the last year, a final decision has not been made yet. Our school board will be ad

ressing this situation at our January board meeting, which may have already occurred by the time you receive this newsletter. If approved, we will make sure to communicate the changes to our students and their families.

Please feel free to contact me if you have any questions or concerns about our district. Thank you again for your continued support!

John

### **TEXTILE RECYCLING**

In our quest to continue to be a "green" school, Hanover-Horton Middle School is now recycling all textiles. This means clothing, shoes, linens, towels, stuffed animals, belts, purses, accessories, etc., even if they are worn, torn, or damaged, we can recycle them! Donations can be placed in the bin located behind the middle school. At the end of the year, all the pounds collected will be totaled up, and there will be monetary prize for all the recyclables collected from our school. You can help our school raise some funds while helping the environment at the same time.

THE KITCHEN STAFF**

### **6<sup>th</sup> and 8<sup>th</sup> Grade Breakout Drug Program**

In February, the 6<sup>th</sup> grade students will be participating in the Breakout Drug Education Program given by Family Services and Children's Aid. We have offered this impactful program for the past 8 years. Students will learn facts about the health risks of alcohol, tobacco, inhalants and marijuana. There are fun games and group exercises that will show them the factors that influence their choices. Students will learn peer refusal techniques and will have the opportunity to sign pledge cards indicating they will remain substance-free. The 8<sup>th</sup> graders will have their presentation in March and will learn about additional drugs such as ecstasy and methamphetamines. For more information about this program and on how to talk to your children about drugs and alcohol, visit [www.breakoutdrugfree.org](http://www.breakoutdrugfree.org).

### **8<sup>th</sup> and 10<sup>th</sup> Grade Jackson Area Career Center Visit**

Each year the 8<sup>th</sup> and 10<sup>th</sup> graders have the opportunity to visit programs at the Jackson Area Career Center (JACC). The visit to the Career Center allows students to learn more about various careers and to make informed decisions on whether they would like to attend JACC during their junior and senior years in high school. Students are often not aware of the extent of the programs available until they are able to visit and see first-hand. Many JACC programs offer high school Michigan Merit Curriculum Credit, college credit and/or professional certifications. Students involved in career center programs have the opportunity to join academic organizations in their field of interest, to become a member of an honor society and the chance to compete for scholarships. This year the 8<sup>th</sup> grade visit will take place on Feb. 4 and the 10<sup>th</sup> grade visit will be Feb. 2. We will visit in the afternoon. Students

will have lunch early their visit day so that we can leave the school by 11:15 am. We will return to the school at the end of the school day. Please avoid scheduling any appointments during this time. While in 8<sup>th</sup> grade, students will work more on their Educational Development Plans, or EDPs where they will explore their interests and career pathways and begin to plan their high school classes. In May, parents are invited to EDP night to learn more about and contribute to the plans. Tenth graders will be able to begin registering for the career center classes for their junior year after their visit. JACC will be having an Open House on Feb. 25 from 4 to 7 pm for parents and students to learn more! For more information on JACC, go to [www.jacc-mi.net](http://www.jacc-mi.net). Parents and students can get more information about careers possibilities on the HH Counseling website.

## Daddy-Daughter Dance

The Hanover-Horton PTA hosted the Daddy-Daughter Dance on Sunday, November 22nd. The original event was scheduled for Saturday,

November 21st, however it was the first snow storm of the season. Even with the change in the event date, the PTA had 118 girls attend with their special someone. The event lasted for 2 hours and included music, dancing, pictures and snacks for everyone. Myeshia Jones, Miss Jackson County Rose Queen and Julia Duffrin, Miss Jackson County Teen, signed autographs, greeted the girls, danced and even let the daughters try on their beautiful crowns. They were a huge hit! There were also prizes given away for candy guessing jars and over 15 raffle items. Snacks consisted of donuts donated from Meckley's, popcorn, pretzels and apples. Raffle items were donated by Edible Arrangements, Jan's Dance Studio, Country Market, Moran Engineering Services, Sara Grant-Partylite and Freadas Legacy. It was a wonderful event celebrating dads and daughters! Everyone had a fun time!

To date, 93 % of the seniors have applied to about 180 colleges! Admission letters will continue rolling in over the next several weeks. Now students should concentrate on scholarship applications. Students and families can access the HH Counseling website for scholarship listings as well as financial aid information and FAFSA tutorials. There will be a Financial Aid Information Night on Monday, January 11 from 7 to 8 pm in the HH library for families to get more information on paying for college and applying for federal aid using the FAFSA.
